

# Shaping the future of mental health

An orientation to Spring Health  
for managers

---

James Grant & Carley Turner

# Today we'll review

- Spring Health's mission
- The Spring Health experience
- Bringing Spring Health to your team and into work culture
- Organizational services and crisis support

*Our Mission*

**To help people and organizations *thrive* by eliminating every barrier to mental health.**

*What is mental health?*

“

A state of wellbeing in which every individual realizes their own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to their community.

| World Health Organization

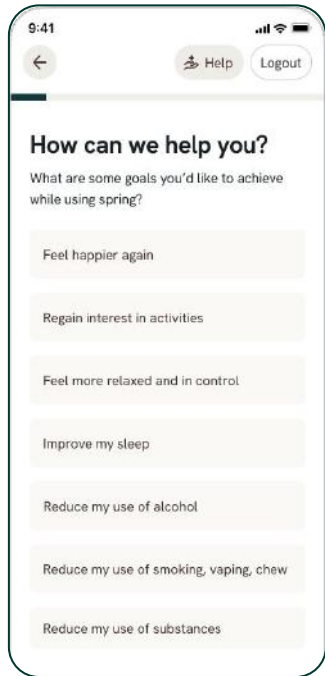

**1**

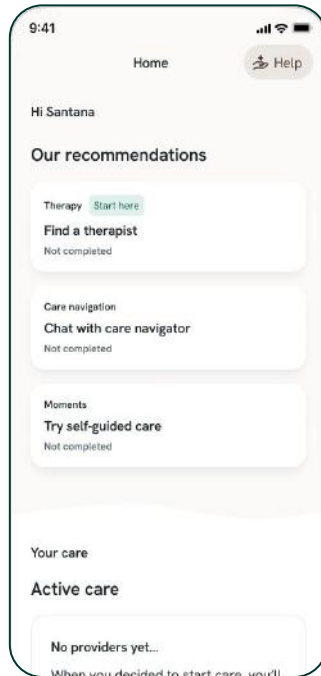

**How can  
Spring Health  
help?**

# Personalized Mental Health Support

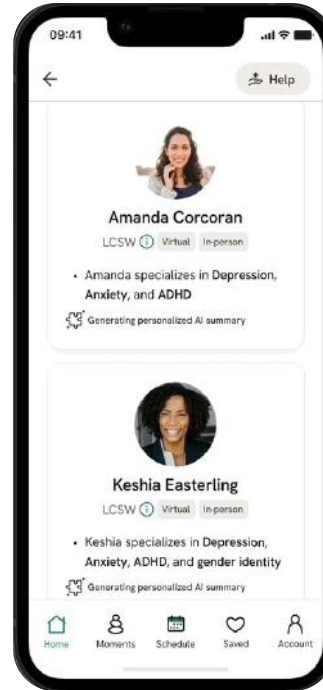

## Dynamic digital assessment

## Personalized care plan

## Provider recommendations

## Full-spectrum support for employees, families, and you

- 8 Free Coaching Sessions
- Self-guided digital exercises
- On-demand learning

- 8 Free Therapy Sessions
- Medication management
- Care advocacy integration
- Manager guides, trainings, and rapid response toolkits
- Critical incident support and consultations

- Referral concierge
- Higher levels of care (ex: Substance Use Disorder)
- Health plan integration and referrals
- Mandatory referrals and evaluations
- Disability/LOA integration and coordination

# At no cost to you, Spring Health provides you and your eligible dependents:

**Personalized recommendations.** Take a short online assessment and get care recommendations to support your immediate needs and long-term goals.

**Diverse providers.** Choose an experienced therapist you feel comfortable with. Browse recommendations or search by specialty, gender, ethnicity, or language.

**Medication management.** If needed, 2 of your covered therapy sessions can be used for a medication management consultation with a doctor. Easily find a doctor and book online.

**Dedicated guidance.** Your Care Navigator can walk you through your care plan, help you find the right therapist, and provide support whenever you need it.

**Wellness exercises.** Moments is a library of self-guided exercises that can help you manage stress, calm anxiety, beat burnout, improve sleep, and be more mindful.

**Substance use support.** Get connected with alcohol or substance use support programs that provide the right level of care for your lifestyle and budget.

**Company-sponsored therapy.** Get support when it's convenient for you, either virtually or in person. Each member (age 6+) gets 8 free sessions per year.\*

**Coaching.** Connect with a coach to help you reach goals related to personal development, health and wellness, relationships, or parenting. Each member (age 18+) gets 8 free sessions per year.

\*Once you complete their free sessions, all therapist are covered through Regence and services can continue without interruption by applying to their medical deductible.

# Support for Managers and Teams

## Critical incident response (CIR)

When a traumatic event occurs, leaders can request services to help employees process the incident.

Important: Leaders should check in with their benefits team to request these services.

**Call: 1-855-629-0554  
(press 4, then press 1)**

*Critical Incident Response information can also be found in the Crisis Management Policy.*

## Individuals in need of crisis support

Employees and benefits-eligible have access to immediate support any time they need it.

Spring Health crisis support for individuals is available 24/7.

**Individuals can call:  
1-855-629-0554 (press 2)**

## Manager and HR consultations

Spring Health's Management Consultation Team acts as a confidential thought partner to help you navigate sensitive employee challenges. They are there to provide the right guidance to give you the confidence you need to respond to a situation.

**Call: 1-855-629-0554  
(press 4, then press 2)**

**Email:  
managersupport@springhealth.com**

# Will Clyde Companies know about my care?

*No.*

Your care with Spring Health is private and confidential. No information will be shared with Clyde Companies without your written consent, except by court order or as provided by law.

- Depression
- Alcohol use
- Anxiety
- Bipolar spectrum disorders
- Eating disorders
- Drug use
- PTSD
- ADHD
- Postnatal depression
- Functional impairment
- Self-reported issues
- Suicide risk

## Our proprietary assessment includes:

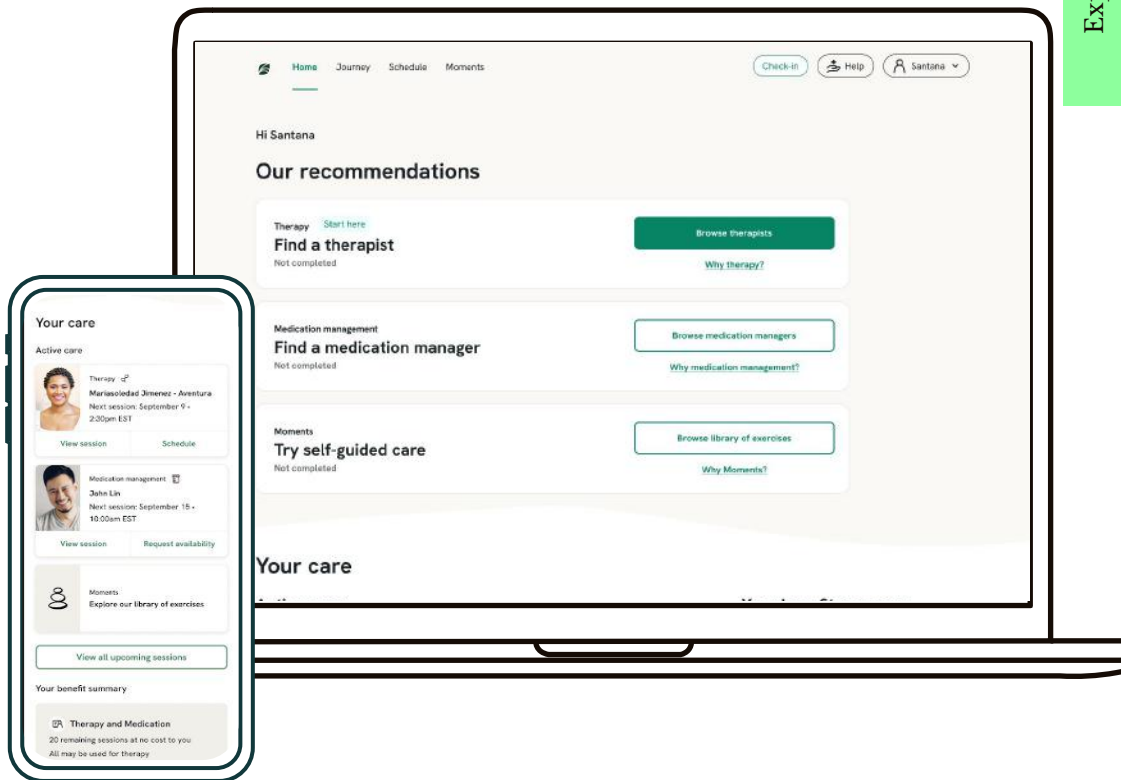

- Patient Health Questionnaire (PHQ-9)**
- Alcohol Use Disorders Identification Test (AUDIT)**
- Generalized Anxiety Disorders Identification Test (GAD-7)**
- Mood Disorders Questionnaire (MDQ)**
- SCOFF**
- Primary Care Post-Traumatic Stress Disorder Screen (PC-PTSD)**
- Adult-ADHD Self-Report Scale (ASRS)**
- Edinburgh Postnatal Depression Scale (EPDS)**
- Quick Inventory of Depressive Symptomatology (QIDS-SR-16)**
- Sheehan Disability Scale (SDS)**
- Bipolar Disorder Prescreen (BIP-STEM)**
- Issues Self Report Questionnaire**
- Columbia-Suicide Severity Rating Scale (CSSRS)**
- Spring Depression Assessment (SPRASS)**
- Drug Abuse Screening Test (DAST)**

# Personalized Care Plan

After you complete your assessment, you'll get a personalized care plan designed to address your immediate needs and long-term goals.

## What to know:

- Assessment results and self-reported goals inform care recommendations
- Personalized, effective treatment plan
- Your plan may include a variety of tools available to you, such as Moments, coaching, or therapy

# Provider Recommendations

Finding the right therapist can be difficult, so Spring Health recommends your top therapists based on compatibility and quality.

Members can easily find experienced providers who meet their needs and preferences.

45%

providers identify as BIPOC

80+

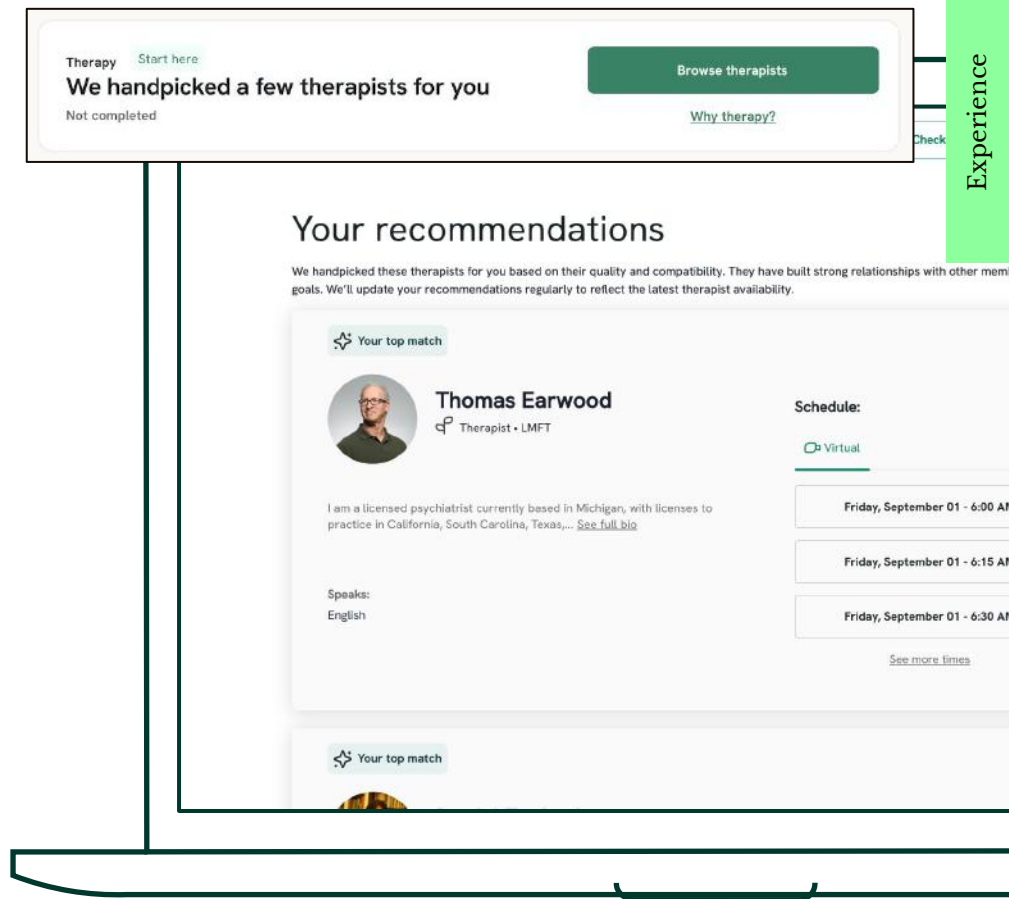

languages spoken fluently

25+

unique treatment modalities

34%

specialize in LGBTQIA+ issues

# Care Navigation

Spring Health Care Navigators help take the guesswork out of mental healthcare

“

Trying to find a trauma-focused therapist has been difficult, and **my Care Navigator has been a huge help**. Knowing I have an advocate for my care is a major benefit of Spring Health.

Spring Health member

Navigating mental healthcare on your own can be overwhelming. With Spring Health, you have access to a **Care Navigator** — a licensed clinician who acts as a personal guide for your mental health journey.

Your Care Navigator can support you by:

- Providing emotional support
- Explaining your personalized care plan
- Finding the right provider for your needs
- Scheduling appointments
- Making referrals
- Assisting in making provider changes
- Checking in with you throughout care

# Access Care for Your Family

## 18+ years old

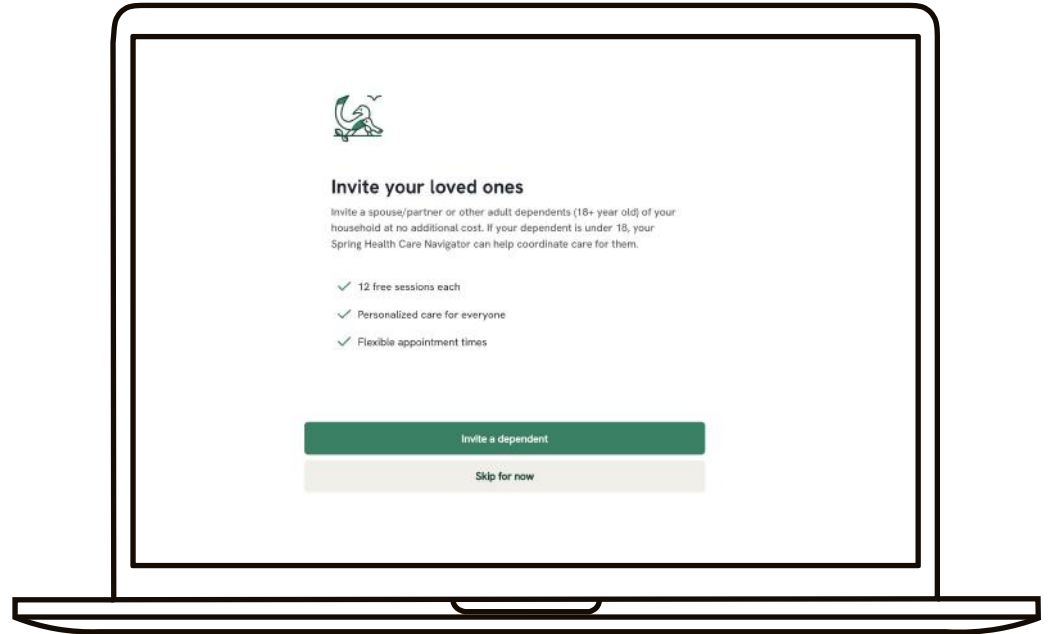

Invite adult benefits-eligible to activate their account independently

## 6-17 years old

Directly schedule care or meet with your Care Navigator to match your minor benefits-eligible to the care that's right for them

## <6 years old

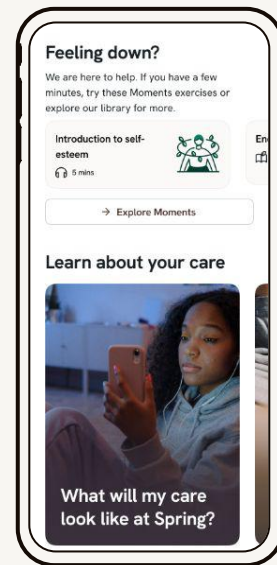

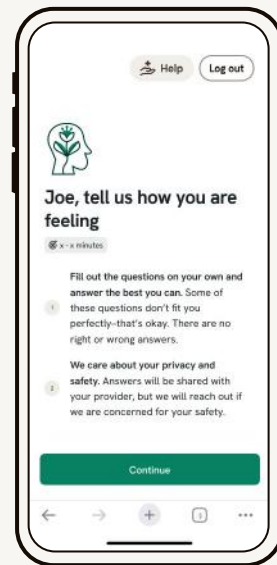

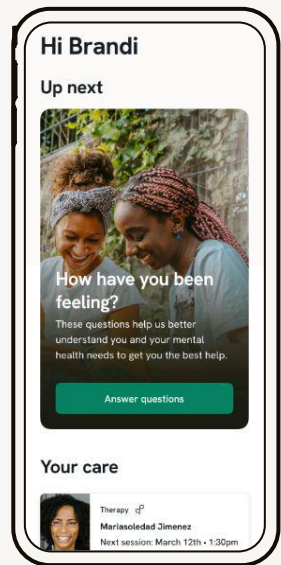

Parents/guardians can create an account for their child and connect with their Care Navigator for specialized support

# Simplified, Personalized Experience for Teenagers

Empowering teens with a special care dashboard designed for their needs

- Teens can schedule care and access on-demand Moments exercises and educational content
- Age-specific assessment informs care recommendations
- Teens can manage their account independently and/or with support from parents/caregivers

# 3

## Supporting Your Team

# When Should I Recommend Spring Health?

There is never a wrong time to seek support

Some signs you may notice in others:

- ✓ Confused thinking
- ✓ Trouble focusing at work
- ✓ Prolonged depression, sadness, or irritability
- ✓ Feelings of extreme highs and lows
- ✓ Excessive fears, worries, and anxieties
- ✓ Social withdrawal
- ✓ Changes in eating or sleeping habits
- ✓ Strong feelings of anger
- ✓ Inability to cope with daily problems or activities
- ✓ Suicidal thoughts
- ✓ Denial of obvious problems
- ✓ Numerous unexplained physical ailments
- ✓ Alcohol and/or drug use
- ✓ Intense fear of weight gain
- ✓ Prolonged negative mood

# Building Awareness and Reducing Stigma

A difficult part of being a leader is knowing how to help employees who may be struggling.

Using Spring Health to start regular conversations about mental wellness can help to normalize mental health, reduce stigma, and inspire employees to seek support.

- If you're comfortable doing so, share your own positive experiences with finding support
- Promote Spring Health registration at launch and throughout the year during team meetings or shift announcements
- Emphasize that Spring Health is confidential, and that personal information is not shared without their consent

# Management Consultations

Spring Health services available to you as leaders

1

Discussing different approaches to help address an employee situation

2

Teaching you a variety of communication techniques

3

Practicing role-playing various scenarios

4

Providing you with coping strategies and skills to support employees

5

Teaching you how to position Spring Health as a mental health and well-being service that is within reach for employees and their mental health

**To speak with the  
Management  
Consultation Team**

Email [managersupport@springhealth.com](mailto:managersupport@springhealth.com) or call  
**1-855-629-0554** (press 4, then press 2).  
The manager consultation line is available from 8am-8pm ET.

# Types of Management Consultations

## General Consults

Support around topics such as individual and team work performance, organizational change, crisis, and more

## Informal Referral

Support around how to refer an employee to Spring when an employee is experiencing challenges that impact their health, wellness, and/ or work performance

## Critical Incident Response Coordination

1. Offer of in the moment support to the requester
2. Collaboration with the requester to design the critical incident response
3. Sharing of supportive resources
4. Coordination of the logistics of the event(s)
5. Notification to the CSM of the event

# Equipping Leaders to Respond with Confidence

Call Spring Health's Management Consultation Team to initiate support

## High Performance

After a grueling quarter and a 25% staff reduction, Kim wants guidance on how to boost team morale.

**General Consultation**

## Behavior Change

Rose notices her star employee is more withdrawn and appears disheveled at work. She asks the employee to connect to care through Spring Health.

**Informal Referral**

## Death of an employee

Joe, a leader, unexpectedly passed away. The benefits team worked with with Spring Health to set up Educational Group Briefings to support the team..

**Critical Incident  
Response Coordination**

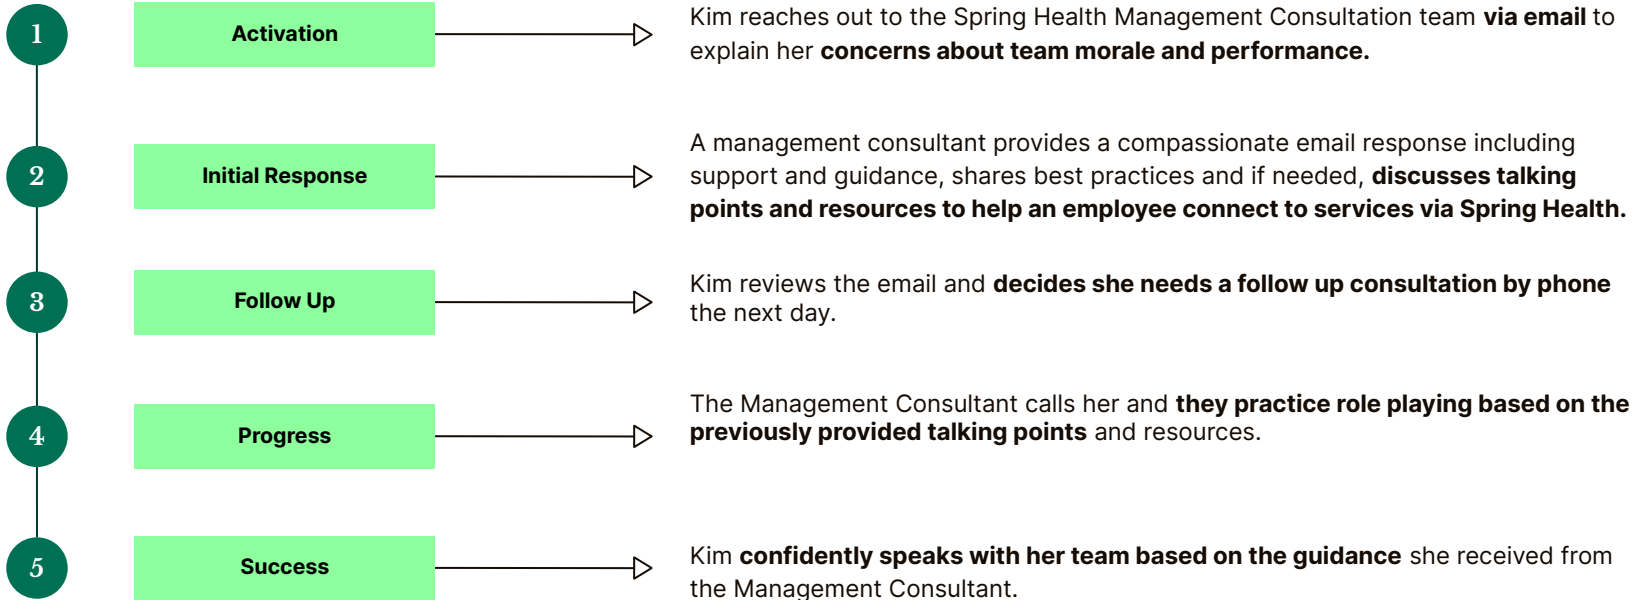

# General Consultation Workflow

## Manager Wants to Build Team Resilience

**Kim**

Team Lead, 42

After a grueling few months and a 25% staff reduction, Kim wants guidance on how to boost team morale.

# Informal Referral Workflow

## Manager Wants to Start a Supportive Conversation with an Employee

**Susan**  
Manager, 39

Usually outgoing, over the last month Paul has been withdrawn, is always tired, and seems sad. Susan, his manager, is concerned.

## Post-Crisis:

# Reset with Critical Incident Response\*

### Service when you need it, where you need it

Wherever an incident happens, whether in an urban or rural setting, timely response is our top priority.

“

I didn't have to do any work really, Spring Health handled it all.

### Licensed professionals

Responders are licensed mental health clinicians with specialized training in critical incident response.

“

The speed with which the entire [critical incident response] process moved was amazing!

### Onsite or virtual

We deliver support in your preferred setting. In or out of the office, both in-person or virtually.

Available  
24/7/365

#### IMMEDIATE

Response within 2 hrs of request

#### SAME DAY

response more than 2 hrs after initial request, but occurring on the same day as the request

#### STANDARD

Response scheduled for a day or more post the day the request was submitted

\*Refer to the Crisis Management procedure for specific instructions!
