## Rewarding Healthy Change

Our exciting HealthPoints program makes the educational, behavioral, and management aspects fun and easy to use, where participating in HealthActivities earns health-related rewards at the same time.

## Why It Works

### Smart Technology

Innovative and easy-to-use smart devices with a science-driven UI optimize diabetes management and the overall health of our members.

### Personalized Support

Our team-based approach utilizes nurses, dietitians, and 24/7/365 personal HealthCoaches—all working one-on-one with members for evidence-based results.

### Health and ROI Excellence

Ongoing data-driven personalized member outreach consistently sets the industry standard for overall health and ROI.
